

## Engine Mounted Actuators Intake Manifold Tuning Valves

### Features

Sturdy designs and manufactures a number of custom designed versions of intake manifold tuning valves for active air intake manifolds.

#### Features / Benefits

- Fast Response Capability
- High Torque Output
- Low Current Consumption
- Closed Loop Control
- Bi-Directional Motor Driven Design
- Full and Intermediate Positional Control
- Wide Range Operational and Storage Temperature Limits
- Integral Connector
- Contactless Position Feedback Signal
- Custom Tooled for your application
